CE Account FREE Registration & CE Pricing

- ChannelEffect (CE) www.channeleffect.com

The screenshot shows the Channel Effect website homepage. The top navigation bar includes 'Login | Sign Up' (highlighted with a red box), 'Language', and '简体中文'. The main navigation menu contains 'Release Notes', 'Solutions', 'Pricing', and 'About Us'. The main content area features the Channel Effect logo and tagline 'Grow your multi-channel business'. Below this, the headline reads 'The 1st Multi-Channel Management Tool in Asia'. Two columns of bullet points describe the tool's capabilities: 'Manage all CBT processes within 1 tool' and 'Combine the experience of 30000+ sellers' in the first column; 'Manage the top 5 e-commerce channels' and 'The only multi-channel listing tool in Asia' in the second column. At the bottom, there are two buttons: 'Learn More' (yellow) and 'Start Free' (white with a red border, highlighted with a red box). A red arrow points from the 'Start Free' button to the 'Sign Up' link in the top navigation bar. A red callout box with the text 'Click here to sign up' is positioned above the 'Sign Up' link, with an arrow pointing to it.

The screenshot shows the Channel Effect website interface. At the top left is the Channel Effect logo. To the right are language selection options: 简体中文 (Simplified Chinese), 繁體中文 (Traditional Chinese), and English. Below the header is an 'Updates' section with a list of recent news items and their dates. On the right side, there is a login and registration form with fields for 'Login Name' and 'Password', a 'Stay signed in' checkbox, and buttons for 'Login' and 'Forgot my password?'. At the bottom of the form is a large orange 'Register New Account' button. A red callout box with an arrow points to this button, containing the text 'Click here to register a new CE account'.

Migration – Step 1: Syncing Data from GL to CE

// 1.1 Bind GlobalLink Account

- Login in CE and click on eBay menu
 - eBay -> Summary -> GL sync

The screenshot shows the Channel Effect eBay interface. The top navigation bar includes 'DashBoard', 'eBay', 'AliExpress', 'SalesManager', 'Inventory', 'Images', and 'Admin'. The 'eBay' tab is highlighted. The left sidebar contains 'Global Filter: Enabled', 'Summary', 'Tasks(0)', 'Backend Tasks', 'Sync Tasks', 'GL Sync', and 'Shortcuts'. The 'GL Sync' sidebar item is highlighted in red. The main content area shows a table with columns for 'Status', 'GL ID', 'GL Account', and 'Sync Result'. A 'Bind GL Admin Account' button is highlighted in red, with a red arrow pointing to it from the 'GL Sync' sidebar. Another red arrow points from the button to a red text box at the bottom of the screenshot.

Status	GL ID	GL Account	Sync Result
Sync Completed Re-configure sync settings	1892	ciciwow	Images: 0 Init, 0 Syncing, 3 Failed, 538 Completed Listing Details: 0 Init, 0 Syncing, 0 Failed, 1640 Completed

Total 1 Items

Find "GL Sync" sidebar and Bind your GlobalLink account.

Migration – Step 1: Syncing Data from GL to CE

//1.2 Configure Sync Settings

The screenshot displays the Channel Effect eBay interface. At the top, there is a navigation bar with tabs for Dashboard, eBay, AliExpress, SalesManager, Images, and Admin. Below the navigation bar, there are three buttons: "Bind GL Admin Account", "Resync Failed", and "Reload". A table with the following columns is visible: "Selected 0 Item(s)", "Status", "GL ID", and "GL Account". The table contains one row with a checkbox, a link "Click to configure sync settings", the value "1892", and the value "ciciwow". Below the table, it says "Total 1 Items". A red arrow points from a red box at the bottom to the link "Click to configure sync settings".

Migration – Step 1: Syncing Data from GL to CE

// 1.2 Configure Sync Settings -> Setting page

Step 1: Choose eBay accounts

testuser_ab testuser_sys testuser_jbb testuser_bw testuser_cici

Note: 1. It won't create a duplicate eBay account when it has been bind to your CE account. However, realated data will continue to be synced.
2. Only Active eBay Account are listed here. If you want to sync data of Invalid or Expired eBay account, pls go to GL and refresh token first.

Step 2: Choose Item Data

Sync Active Listings

Note: 1.All active listings and related listing details, images, folders will be synced to CE.
2.Some parts of information cannot be synced such as: Relist Options, Showcase Promotion, Cross Promotion, SalesTax, Shipping Rate.

Sync Products, Listing Details, Folders

Note: 1. Products, Listing Details & Folders will retain original structure and be saved as Listing Templates on CE.
2.Pls delete unnecessary products on GL in order to avoid the waste of storage space.
3. Folder name will be appended with a prefix: "GLMerchantID".
4. Some parts of information cannot be synced such as: Blocked Status, Showcase Promotion, Cross Promotion, SalesTax, Shipping Rate.

Exclude archived products

Note: Since CE do not support archived status, all archived products will be displayed on listing templates, which will increasing difficulty of launching management. (Suggest check it to exclude archived products)

Exclude products which already have active listings on CE.ctive listings on CE

Note: Suggest check it to avoid creating duplicate listing templates, if some GL active listings are existed on your CE account.

Sync All Images & Folders

Note: 1. If checked, all images and folders will be synced to CE.
2. Folder name will be appended with a prefix: "GLMerchantID".
3.Images are referenced to none products will occupy more storage spaces which may lead your CE account to be suspended due to reached at the limitation of your current package.
(Suggestion: Do NOT check it)

These eBay accounts come from GlobalLink. The selected can be copied to CE when syncing

Please read each notes carefully and make your settings.

Migration – Step 1: Syncing Data from GL to CE

//1.3 Re-sync failed data

Migration – Step 2: Revise Images Hosting to CE

//2.2 Replace All active listings synced from GlobalLink

- 2nd, do NOT check any active and click on “**Replace images hosting & description with CE values**” . System will replace all active listings which synced from GlobalLink to CE images hosting.

The screenshot displays a software interface with a table of listings. The table has columns for ID, Status, SKU, Site, End Time, Qty, Sold Qty, Price, and Picture. A red circle highlights the 'Selected 0 Item(s)' text and the 'Replace images hosting & description with CE values' button. A red arrow points from this button to a 'Tips' dialog box that asks: 'Do you want to replace images & description on eBay platform with CE values for all active listings which synced from GlobalLink?'. The dialog box has an 'OK' button.
